

## **TRAIN THE TRAINER WORKSHOP FOR TRAINERS OF PESTICIDE HANDLERS AND AGRICULTURAL FIELDWORKERS**

This workshop is designed to help trainers of agricultural establishments to deliver adequate pesticide safety training for PESTICIDE HANDLERS AND FIELDWORKERS as mandated by the US EPA's Worker Protection Standard requirements. Trainers will be qualified to issue EPA worker training verification cards. If participants hold a valid WSDA Pesticide License, trainers will be qualified to issue EPA handler training verification cards.

**DATE:**  
November 9, 2002

**TIME:**  
8:00 a.m.- 5:00 p.m.

**LOCATION:**  
Skagit Valley College  
in Mount Vernon, WA

**WORKSHOP DESCRIPTION:** Sponsored by the Washington State Department of Agriculture, the Train the Trainer workshop will be a one-day course with a strong hands-on component. Participants will learn what topics need to be covered to adequately train fieldworkers and pesticide handlers. Participants will also learn training methodology, how to handle cultural differences, how to approach difficult people and how to create a good learning environment among other public speaking skills. At the end of the day, participants will partake in a dry run in which they will give training in front of an audience.

### **PARTICIPANTS WILL BENEFIT GREATLY!**

Participants will receive 4 recertification credits, a WSDA Pesticide Safety Guide for Trainers, EPA training materials, and other resources.

**FEE:** No fee Required. Please, let us know if you won't be able to attend at least three days in advance.

**REGISTRATION:** Space limited to 30 people!

Register early by calling Flor Tovar at (509) 669-7031 or Ofelio Borges at (509) 952-8236 with the following information:

- a) Participant's complete name (First & Last Name)
- b) Pesticide License Number, if apply
- c) Phone number, including area code

(If nobody answers your call, please leave the above information on the voice mail, we will call you back)
